

CIRCULATOOL CERTIFICATION SYSTEM mark

DESCRIPTION OF INVENTION

The CIRCULATOOL CERTIFICATION SYSTEM mark, awarded by AIDIMME, is a distinctive mark registered at European level, for companies in the metal-mechanical and furniture sector, which guarantees that:

- These companies have self-assessed their degree of circularity.
- This self-assessment has been verified by AIDIMME.

BUSINESS APPLICATIONS

- Metalworking sector
- Furniture sector

TECHNICAL ADVANTAGES AND BUSINESS BENEFITS

The CIRCULATOOL CERTIFICATION SYSTEM mark offers solutions and tools to companies that want to differentiate themselves; making their degree of circularity visible and highlighting their commitment to the Circular Economy.

For companies

- Method for assessing their performance in terms of circularity.
- Tool to improve the degree of circularity.
- Opportunity to make visible both their commitment to the Circular Economy and their degree of circularity.

For customers

- To have information that allows them to distinguish companies with a higher degree of circularity.

STATE OF TECHNOLOGY DEVELOPMENT

The mark has a regulation and is supported by the circulatool tool (economiecircular.aidimme.es) .
